FEC - Filings

Staff,

I have two things for you.

First, quarterly report. The state certified me as a congressional candidate for the 3d PA district on about March 10, 2010, and I have campaigned. Therefore, in the event I have to report contributions and expenses, I do so now. I do not send in forms yet because they seem to require that I put an FEC candidate number on the form which I do not have yet. I sent in a declaration a week ago for that purpose but I have nothing back. So I now make an informal report so I meet the deadline in the event it is important.
